## **TOPIC OUTLINES**

### **Talk 1 – Human Sexuality**

In this session, she will discuss sex as God intended, and how sin has entered this world to corrupt everything including our sexuality. We will look at how our broken sexuality is expressed in so many different ways, and look at various factors that lead to sexual brokenness and how such factors impact us.

### **Talk 2 - What makes sexual identity?**

Researchers have suggested several factors as components of sexual identity including the following:

- Biological sex
- Sexual orientation
- Gender identity
- Gender role
- Behavior
- Beliefs and values
- Intent and will

We will explore the different aspects of sexual identity and how we express our sexual identity.

### **Talk 3 - Reclaiming healthy sexuality**

We will look at how the church can walk alongside those who are seeking sexual wholeness, and how individuals can overcome their sexual brokenness.

### **Talk 4 - Healing of Memories**

I will speak of God's desire for wholeness, and how He wishes to give us inner healing. We all carry wounds that impact us and get expressed in unhealthy ways. We will end the seminar with a hands-on prayer ministry of healing of memories.

(There will be a similar conference in Ottawa on Saturday November 2<sup>nd</sup>. Go to [www.peterpaulottawa.com](http://www.peterpaulottawa.com) for more details.)
